

KurdSelect Community Guidelines

Building a Respectful and Authentic Kurdish Community

KurdSelect was created to help Kurdish adults around the world build genuine connections in a respectful and trusted environment.

Every member plays a role in protecting that community.

These Community Guidelines explain the standards we expect everyone using KurdSelect to follow. They apply to profiles, photos, messages, interactions, and other activity on the KurdSelect platform.

By using KurdSelect, you agree to follow these Community Guidelines as well as our Terms of Service.

1. Be Authentic

KurdSelect is built around real people and genuine connections.

Your profile should represent **you**.

Do not:

- Impersonate another person
- Use another person's photos as your own
- Create fake or deceptive profiles
- Intentionally misrepresent your age, identity, location, or intentions
- Pretend to be affiliated with a person, company, organization, or public figure when you are not
- Create multiple accounts to deceive others or avoid enforcement
- Create a new account to circumvent a suspension or ban

We may request additional verification when reasonably necessary to protect the community.

2. Be Respectful

Every KurdSelect member deserves to be treated with dignity.

Disagreement, rejection, or lack of interest never justifies abusive behavior.

We do not tolerate:

- Harassment or bullying
- Threats or intimidation
- Stalking

- Repeated unwanted contact
- Sexual harassment
- Abusive or degrading messages
- Hate speech
- Encouragement of violence
- Targeted humiliation
- Attempts to pressure or manipulate another member

If someone tells you they are not interested, respect their decision.

3. No Hate or Discrimination

KurdSelect brings together Kurdish people from different countries, cities, regions, dialects, backgrounds, and experiences.

Content or conduct that attacks, threatens, dehumanizes, or promotes hatred against people based on protected characteristics is prohibited.

Members may have personal preferences when seeking a relationship, but those preferences do not give anyone permission to harass, insult, demean, or attack another person.

4. Keep KurdSelect for Adults

KurdSelect is strictly for people age 18 and older.

Anyone under 18 is prohibited from creating or maintaining a KurdSelect account.

Never upload sexual or exploitative content involving a minor or use KurdSelect to facilitate inappropriate or unlawful interaction with minors.

Suspected child exploitation may result in immediate account termination and reporting to appropriate authorities where required or permitted by law.

Do not publish or distribute another person's private information without authorization.

This includes information such as:

- Home addresses

If another member asks you for money or appears to be attempting a scam, report the account.

KurdSelect is a matchmaking and relationship platform. It is not an adult content platform.

Do not publicly upload:

- Stolen photographs
- Intentionally deceptive images
- Pornographic images
- Graphic violence
- Images promoting hate or illegal activity
- Images that violate another person's privacy or intellectual property rights

KurdSelect may remove photos that violate these Guidelines.

11. Respect Boundaries

Consent and personal boundaries matter both online and offline.

Do not repeatedly contact someone who has clearly indicated they are not interested.

Do not attempt to circumvent a block by creating another account or contacting the person through another KurdSelect account.

Blocking someone is a clear boundary. Respect it.

12. Meeting Someone in Person

KurdSelect helps people connect, but **KurdSelect cannot guarantee the identity, intentions, background, or behavior of another member.**

When meeting someone for the first time:

- Consider meeting in a public place
- Tell a trusted person where you are going
- Arrange your own transportation
- Keep control of your phone and belongings
- Protect your financial information
- Avoid sending money
- Trust your judgment if something feels wrong

Verification or the existence of a KurdSelect profile should never be treated as a guarantee that someone is safe or trustworthy.

13. Report Problems

If you encounter behavior that violates these Guidelines, use the **Report** feature.

Reports may include issues involving:

- Fake profiles
- Harassment
- Threats
- Scams
- Inappropriate sexual behavior
- Hate or discrimination
- Underage users
- Spam
- Impersonation

- Safety concerns
- Other violations

Provide accurate information when submitting a report.

Intentionally submitting false reports to harass another member may itself violate these Guidelines.

14. Block Members When Necessary

KurdSelect provides blocking functionality to help members control unwanted interactions.

If you do not want another member to interact with you, use the **Block** feature.

Attempts to circumvent another member's block may result in enforcement action.

15. How KurdSelect Enforces These Guidelines

We take violations seriously.

Depending on the nature, severity, frequency, and circumstances of the conduct, KurdSelect may:

- Remove content
- Issue a warning
- Restrict account functionality
- Limit account access
- Suspend an account
- Permanently terminate an account
- Prevent creation of replacement accounts
- Preserve relevant information for safety, fraud prevention, or legal purposes
- Report activity to appropriate authorities when required or permitted by law

Serious violations may result in immediate permanent removal without a prior warning.

KurdSelect may use available information, user reports, technical systems, and human review when investigating potential violations.

16. Enforcement Decisions

Not every disagreement between members constitutes a violation.

KurdSelect may consider the context, severity, available evidence, previous violations, safety concerns, and other relevant circumstances when making enforcement decisions.

We are not required to disclose confidential moderation methods, fraud detection systems, reporter identities, or information that could compromise another person's safety or privacy.

17. A Community Worth Protecting

KurdSelect exists to create meaningful connections within the global Kurdish community.

That only works when members treat one another with respect.

Be genuine.

Be respectful.

Protect your privacy.

Respect boundaries.

Report harmful behavior.

Help us build a community worthy of trust.
